G.I. JOE

CODE NAME:

COPPERHEAD

COBRA Naval Commander

FILE NAME: Various

PRIMARY MILITARY SPECIALTY: High Speed Naval Assault

SECONDARY MILITARY SPECIALTY: Seaborne Mechanic

Intelligence reports indicate that Copperhead is a native of the Florida Everglades, and expertly familiar with a number of other large water basins, to include the Amazon and Mississippi. DEA and Vice informants advise that Copperhead is a proficient watercraft mechanic and speedboat racer who prefers private backwater races, where both the stakes and danger are highest. He has reportedly also raced in sanctioned events in Miami, Monaco, and Japan under assumed name(s). His weakness, however, is excessive gambling. This and his failed attempts at fixing major races have created exceedingly large debts with his bookies. When Cobra offered substantial pay for his services, Copperhead saw an opportunity to pay off his debts and immediately signed on the dotted line.

After Cobra disbanded, Copperhead again found himself in extreme gambling debt. Living hard and driving fast is his motto, and according to Gung-Ho, Copperhead is the epitome of swamp trash found all over the gulf. When Cobra reformed, instead of offering him pay, Cobra Commander bought up all of his debts. Copperhead now heads Cobra's Navy, with his soul sold to the devil himself.

Characters and events referenced herein are fictional and are not intended to depict actual characters and events.
